**Activity # 3:** Put “What makes ideas...great” web on the smartboard and talk about it. Make any changes. Discuss. Concerns? Fears?

**Activity #4:** Spend time being creative and come up with some ideas! Sit in different places in the room, list some ideas. Move around to another place. Sit next to someone else, or sit alone. Jot notes down in your idea book (page 4 at the bottom at leave the top blank).  
Just....hmmm

**THINK**

**Activity #5:** After thinking time, kids give back specific and meaningful feedback to each other in small groups. Give examples of feedback before we take them from their thinking time to their groups. Open page 5 to use when getting back feedback.

**Activity #6: Practice Public Speaking:** Each student stands up to give their thoughts about one of their ideas. Taking risks!

**Remind all speakers:**

We will take risks to transform into the speaker we all want to be. To do that, we have to trust one another, not laugh at the wrong things, but instead support each other. It's okay to make someone laugh on purpose, to cry, to express ourselves...because one way to be a good speaker is to be yourself.
